

Your Benefit Summary

HSA Qualified 7000 Bronze

Providence Signature Network	In-Network	Out-of-Network
Individual Calendar Year Deductible (family amount is 2 times individual)	\$7,000	\$14,000
Individual Out-of-Pocket Maximum (family amount is 2 times individual) This amount includes the Deductible.	\$7,000	\$14,000

Important information about your plan

This summary provides only highlights of your benefits. To view your plan details, register and login at myProvidence.com.

- In-Network and Out-of-Network Deductibles and Out-of-Pocket Maximums accumulate separately.
- The individual deductible applies before the plan provides benefits for covered services when there are no family members enrolled.
- The family deductible applies before the plan provides benefits for covered services when two or more family members are enrolled.
 - Note that the in-network per person annual cost-sharing limit is \$8,700, as stated by the Affordable Care Act, when 2 or more family members are enrolled.
- Some Services and penalties do not apply to the Out-of-Pocket Maximum.
- Prior Authorization is required for some Services.
- View a list of In-Network Providers and pharmacies at ProvidenceHealthPlan.com/findaprovider.
- To get the most out of your benefits, use the providers within the Providence Signature network.
- If you choose to go outside the network, you may be subject to billing for charges that are above Usual, Customary and Reasonable charges (UCR). Benefits for Out-of-Network services are based on these UCR charges.
- Limitations and exclusions apply. See your handbook for details.
- HSA status is not automatic with enrollment in this High Deductible Health Plan (HDHP). See your handbook for more details.
- Not Medicare Part D creditable.
- Find important information about how to use your plan at ProvidenceHealthPlan.com/usingyourplan.

Up to a 30-Day Supply (From a participating retail, preferred or specialty pharmacy)		
Tier 1		Covered in full
Tier 2		Covered in full
Tier 3		Covered in full
Tier 4		Covered in full
Tier 5		Covered in full
Tier 6		Covered in full
90-Day Supply (From a participating mail order or preferred retail pharmacy)		
Tier 1		Covered in full
Tier 2		Covered in full
Tier 3		Covered in full
Tier 4		Covered in full

Pharmacies

Your prescription drug benefit requires that you fill your prescriptions at a Participating Pharmacy. There are four types of participating pharmacies:

- Retail: a Participating Pharmacy that allows up to a 30-day supply as outlined in your handbook of short-term and maintenance prescriptions.
- Preferred Retail: a Participating Pharmacy that allows up to a 90-day supply of maintenance prescriptions and access to up to a 30-day supply of short-term prescriptions.
- Specialty: a Participating Pharmacy that allows up to a 30-day supply of specialty and self-administered chemotherapy prescriptions. These prescriptions require special delivery, handling, administration and monitoring by your pharmacist.
- Mail Order: a Participating Pharmacy that allows up to a 90-day supply of maintenance prescriptions and specializes in direct delivery to your home. To order prescriptions by mail, your provider may call in the prescription or you can mail your prescription along with your Member identification number to one of our participating mail-order pharmacies.
- View a list of our participating pharmacies ProvidenceHealthPlan.com/planpharmacies.

Using your prescription drug benefit

- To find if a drug is covered under your plan check online at ProvidenceHealthPlan.com/pharmacy. Note that your plan's formulary includes ACA Preventive drugs which are medications that are covered at no cost when received from participating pharmacies as required by the Patient Protection and Affordable Care Act.
- FDA-approved women's contraceptives, as listed on your formulary, are covered at no cost for up to a 12-month supply, after a 3-month initial fill, at any Participating Pharmacy.
- You may purchase up to a 90-day supply of maintenance drugs using a participating mail-service or preferred retail pharmacy. Not all drugs are considered maintenance prescriptions, including compounded drugs and drugs obtained from specialty pharmacies.
- If you or your provider request or prescribe a brand-name drug when a generic is available, regardless of reason, you will be responsible for the cost difference between the brand-name and generic drug in addition to the Tier 4 or Tier 6 copayment or coinsurance indicated on the benefit summary. Your total cost, however, will never exceed the actual cost of the drug.
- Approved non-formulary non-specialty drugs will be covered at the Tier 4 cost sharing tier. Approved non-formulary specialty drugs will be covered at the Tier 6 cost sharing tier.
- Compounded medications are prescriptions that are custom prepared by your pharmacist. They must contain at least one FDA-approved drug to be eligible for coverage under your plan. Compounded medications are covered for up to a 30-day supply at a 0% coinsurance after the deductible. Claims are subject to clinical review for medical necessity and are not guaranteed for payment.
- Safe Harbor Preventive drugs: The safe harbor drug list is made up of first-line medications that PHP has selected that may prevent the onset of a disease or condition when taken by a person who has developed risk factors for the disease or condition that has not yet manifested itself or has not become clinically apparent, or may prevent the recurrence of a disease or condition from which a person has recovered. Safe Harbor drugs are exempt from the deductible, subject to the formulary and 50% coinsurance until the Out-of-Pocket Maximum is met.

Prescription Drugs

Formulary P-HSA

- Specialty drugs, which can be found in Tier 5 and Tier 6, are prescriptions that require special delivery, handling, administration and monitoring by your pharmacist.
- Most specialty and chemotherapy drugs are only available at our designated specialty pharmacies.
- Certain drugs, devices, and supplies obtained from your pharmacy may apply towards your medical benefit.
- Diabetes supplies may be obtained at your participating pharmacy, and are subject to your group's medical supplies and devices' benefit limitations, and Coinsurance. See your Member Handbook for details.
- Insulin cost share capped at \$75 for a 30-day supply after deductible is met.
- Some prescription drugs require Prior Authorization for medical necessity, place of therapy, length of therapy, step therapy, or number of doses. If a drug to treat your covered medical condition is not in the formulary, please contact us.
- Self-administered chemotherapy is covered under the Prescription Drug Benefit unless the Outpatient Chemotherapy coverage results in a lower out-of-pocket expense to you. Please refer to your Handbook for more information.
- Self-injectable medications are only covered when they are being self-administered and labeled by the FDA for self-administration; in some cases, a Prior Authorization may be required for the drug. Documentation of self-administration may also be required. Drugs labeled for self-administration that are being administered by a provider will fall to the Member's medical benefit.
- Be sure you present your current Providence Health Plan Member identification card.

Routine Vision Services
Provided by VSP

Explanation of terms and phrases

ACA Preventive Drugs - ACA Preventive drugs are medications, including contraceptives, which are listed in our formulary, and are covered at no cost when received from Participating Pharmacies as required by the Patient Protection and Affordable Care Act (ACA). Over the counter preventive drugs received from Participating Pharmacies cannot be covered in full without a written prescription from your Qualified Practitioner.

Annual Limit on Cost-sharing - The maximum amount a Member pays Out-of-Pocket per Calendar Year for In-Network essential health benefit Covered Service when two or more Family Member are enrolled in this plan.

Brand-name drugs - Brand-name drugs are protected by U.S. patent laws and only a single manufacturer has the rights to produce and sell them.

Coinsurance - The percentage of the cost that you may need to pay for Covered Service.

Copay - The fixed dollar amount you pay to a healthcare provider for a Covered Service at the time care is provided.

Deductible

Individual - The Individual Deductible is the amount that applies when only one Member is enrolled in this plan, and is the amount that must be paid by the Member before the plan pays for any Covered Services for that Member.

Family - The Family Deductible is the amount that applies when two or more Family Member are enrolled on the plan, and is the amount that must be paid by the Family Members before the plan pays for any Covered Service for any enrolled Family Member. All amounts paid by Family Members towards Covered Service apply toward the Family Deductible. When the deductible is met, the Plan will begin pay for Covered Services for all enrolled Family Members.

Formulary - A formulary is a list of FDA-approved prescription drugs developed by physicians and pharmacists, designed to offer effective drug treatment choices for covered medical conditions. The Providence Health Plan formulary includes both brand-name and generic medications.

Generic drugs - Generic drugs have the same active-ingredient formula as the brand-name drug. Generic drugs are usually available after the brand-name patent expires.

Health Savings Account (HSA) - A tax-exempt medical savings account available to taxpayers who are enrolled in a high-deductible health plan (HDHP) to be used for current and future health care expenses. Contributions can be deducted pre-tax from paychecks, and the money rolls over year to year and stays with the Member even with job changes and retirement.

In-Network - Refers to Services received from an extensive network of highly qualified physicians, health care providers and facilities contracted by Providence Health Plan for your specific plan. Generally, your Out-of-Pocket costs will be less when you receive Covered Service from In-Network Providers.

Limitations and Exclusions - All Covered Services are subject to the limitations and exclusions specified for your plan. Refer to your Member handbook or contract for a complete list.

Maintenance Prescriptions - Medications that are typically prescribed to treat long-term or chronic conditions, such as diabetes, high blood pressure and high cholesterol. Maintenance drugs are those that you have received under our plan for at least 30 days and that you anticipate continuing to use in the future. Compounded and specialty medications are excluded from this definition; and are limited to a 30 day supply.

Maximum Allowable Charge (MAC) - A limitation on the billed charges as determined by Providence Health Plan or its authorizing agent by geographic area where the expenses are incurred and may not be less than the negotiated fee for the same Service when provided by a Network Dental Provider. MAC charges do not include sales taxes, handling fees and similar surcharges, and such taxes, fees and surcharges are not covered expenses.

Medicare Part D creditable

Medicare Part D creditable - Coverage is creditable when the plan payout for prescription drugs is, on average for all plan participants, as much as the average payout under the standard Medicare Part D benefit.

Not Medicare Part D creditable - Coverage is non-creditable when the plan payout for prescription drugs is, on average for all plan participants, less than what standard Medicare Part D prescription drug coverage would be expected to pay.

Non-Formulary Medication - An FDA-approved drug, generic or brand-name, that is not included in the list of approved formulary medications. These prescriptions require a Prior Authorization by the health plan and, if approved, will pay at either the highest non-specialty or specialty cost sharing tier.

Office Visits Virtually - Scheduled visits with the member's PCP or Specialist using a teleconferencing application such as Zoom.

Out-of-Network - Refers to Services you receive from providers not in your plan's network. Your Out-of-Pocket costs are generally higher when you receive Covered Services outside of your plan's network. An Out-of-Network Provider does not have contracted rates with Providence Health Plan and so balance billing may apply. To find an In-Network Provider, go to [ProvidenceHealthPlan.com/findaprovider](https://www.providencehealthplan.com/findaprovider).

Out-of-Pocket Maximum

Individual - The Individual Out-of-Pocket Maximum applies when only one Member is enrolled in this plan, and is the total amount of Copayments, Coinsurance and Deductible that a Member must pay for specified Covered Services before the plan begins to pay 100% for Covered Services for that Member.

Family - The Family Out-of-Pocket Maximum applies when two or more Family Members are enrolled in this plan, and is the total amount of Copayments, Coinsurance and Deductible that a family must pay for specified Covered Services before the plan begins to pay 100% for any enrolled Family Member. The Family Out-of-Pocket Maximum can be met by the combined expenses of enroll Family Members. Once the Family Out-of-Pocket Maximum is met, the plans will begin to pay 100% for Covered Services for enrolled Family Members.

Primary Care Provider - A qualified physician or practitioner that can provide most of your care and, when necessary, will coordinate care with other providers in a convenient and cost-effective manner.

Explanation of terms and phrases

Prescription drug Prior Authorization - The process used to request an exception to the Providence Health Plan drug formulary. A Prior Authorization can be requested by the prescriber, member or pharmacy. Some drugs require Prior Authorization for Medical Necessity, place of therapy, length of therapy, step therapy or number of doses. Visit us online for additional information at ProvidenceHealthPlan.com.

Prescription drug Tier - The prescription drug tier number correlates to a drug's placement on the formulary. Tier 1 and Tier 2 consists of mainly generic drugs while Tier 3 and Tier 4 contains both generic and brand-name drugs. Specialty drugs are listed in Tier 5 and Tier 6.

Prior Authorization - Some Services must be pre-approved. In-Network, your provider will request Prior Authorization. Out-of-Network, you are responsible for obtaining Prior Authorization.

Providence ExpressCare Virtual - Services for common conditions (such as sore throat, cough, or fever, etc.) using Providence's web-based platform through a tablet, smartphone, or computer for same day appointments.

Providence ExpressCare Retail Health Clinic - A walk-in health clinic, other than an office, Urgent Care facility, pharmacy or independent clinic that is located within a retail operation. A Retail Health Clinic provides same-day visits for basic illness and injuries or preventive services.

Safe Harbor Preventive drugs - The safe harbor drug list is made up of medications that Providence Health Plan has selected, with the guidance of our Clinical Pharmacy Division. These are first-line medications that may prevent the onset of a disease or condition when taken by a person who has developed risk factors for the disease or condition that has not yet manifested itself or has not become clinically apparent, or may prevent the recurrence of a disease or condition from which a person has recovered. Safe Harbor Preventive drugs are subject to formulary and tier status, as well as pharmacy management programs such as Prior Authorization, step therapy and/or quantity limits. The IRS definition of safe harbor is contained in Notice 2004-23, section 223 (c) (2) (C).

Specialty Drugs - Specialty drugs are injectable, infused, oral, topical, or inhaled therapies that often require specialized delivery, handling, monitoring and administration and are generally high cost. These drugs must be purchased through our designated specialty pharmacy. Due to the nature of these medications, specialty drugs are limited to a 30-day supply. Your benefits include specialty drugs listed on our formulary in Tier 5 and Tier 6. Generally your out-of-pocket costs will be less for Tier 5 drugs.

Usual, Customary & Reasonable (UCR) - Describes your plan's allowed charges for Services that you receive from an Out-of-Network Provider. When the cost of Out-of-Network Services exceeds UCR amounts, you are responsible for paying the provider any differences. These amounts do not apply to your Out-of-Pocket Maximums.
