

Your Benefit Summary

Providence Oregon Standard Gold Plan

Providence Signature Network	In-Network	Out-of-Network
Individual Calendar Year Deductible (family amount is 2 times individual)	\$1,800	\$3,600
Individual Out-of-Pocket Maximum (family amount is 2 times individual) This amount includes the Deductible.	\$8,150	\$16,300

Important information about your plan

This summary provides only highlights of your benefits. To view your plan details, register and login at myProvidence.com.

- Medicare Part D creditable.
- In-Network and Out-of-Network Deductibles and Out-of-Pocket Maximums accumulate separately.
- Some Services and penalties do not apply to the Out-of-Pocket Maximum.
- Prior Authorization is required for some Services.
- View a list of In-Network Providers and pharmacies at ProvidenceHealthPlan.com/FindAProvider.
- To get the most out of your benefits, use the providers within the Providence Signature network.
- If you choose to go outside the network, you may be subject to billing for charges that are above Usual, Customary and Reasonable charges (UCR). Benefits for Out-of-Network services are based on these UCR charges.
- Limitations and exclusions apply. See your handbook for details.
- Find important information about how to use your plan at ProvidenceHealthPlan.com/UsingYourPlan.
- Learn more about PHP's covered preventive services rated "A" or "B" by the U.S. Preventive Services Task Force at ProvidenceHealthPlan.com/PreventiveCare.
- A \$5 copay applies to the first three Primary Care Provider and/or Mental Health/Substance Use Disorder outpatient visits combined each calendar year.

Below is the amount you pay after you have met your calendar year Deductible

Tier 4	50%

90-Day Supply

(From a participating mail order pharmacy)

Tier 1	\$20
Tier 2	\$20
Tier 3	\$60
Tier 4	45%

Pharmacies

Your prescription drug benefit requires that you fill your prescriptions at a Participating Pharmacy. There are four types of participating pharmacies:

- Retail: a Participating Pharmacy that allows up to a 30-day supply as outlined in your handbook of short-term and maintenance prescriptions.
- Preferred Retail: a Participating Pharmacy that allows up to a 90-day supply of maintenance prescriptions and access to up to a 30-day supply of short-term prescriptions.
- Specialty: a Participating Pharmacy that allows up to a 30-day supply of specialty and self-administered chemotherapy prescriptions. These prescriptions require special delivery, handling, administration and monitoring by your pharmacist.
- Mail Order: a Participating Pharmacy that allows up to a 90-day supply of maintenance prescriptions and specializes in direct delivery to your home. To order prescriptions by mail, your provider may call in the prescription or you can mail your prescription along with your Member identification number to one of our participating mail-order pharmacies.
- View a list of our participating pharmacies at [ProvidenceHealthPlan.com/PlanPharmacies](https://www.providencehealthplan.com/PlanPharmacies).

Using your prescription drug benefit

Prescription Drugs

Formulary P

- To find if a drug is covered under your plan check online at [ProvidenceHealthPlan.com/Pharmacy](https://www.providencehealthplan.com/Pharmacy). Note that your plan's formulary includes ACA Preventive drugs which are medications that are covered at no cost when received from participating pharmacies as required by the Patient Protection and Affordable Care Act.
- FDA-approved women's contraceptives, as listed on your formulary, are covered at no cost for up to a 12-month supply, after a 3-month initial fill, at any Participating Pharmacy.
- You may purchase up to a 90-day supply of maintenance drugs using a participating mail-service or preferred retail pharmacy. Not all drugs are considered maintenance prescriptions, including compounded drugs and drugs obtained from specialty pharmacies.
- If you or your provider request or prescribe a brand-name drug when a generic is available, you will be responsible for the cost difference between the brand-name and generic drug.
- Not all drugs are included in the formulary. A formulary exception (a form of Prior Authorization) is required for coverage of drugs that are not in the formulary.
- Prior Authorization is not required for medications used to treat Substance Use Disorders, including opiate addiction and withdrawal. Additionally, if your Substance Use Disorder medication has been lost, stolen, or destroyed, you are entitled to up to three early refills of your medication. If you need a refill of your Substance Use Disorder medication and your prescription has expired in the last 12 months, you are entitled to one refill of your medication without a current prescription.
- Approved formulary exceptions for non-specialty medications will be covered at the Tier 4 cost-sharing tier. Approved formulary exceptions for specialty drugs will be covered at the Tier 6 cost-sharing tier.
- Compounded medications are prescriptions that are custom prepared by your pharmacist. They must contain at least one FDA-approved drug to be eligible for coverage under your plan. Compounded medications are covered for up to a 30-day supply at a 50% coinsurance after the deductible. Claims are subject to clinical review for medical necessity and are not guaranteed for payment.
- Specialty drugs are prescriptions that may require special delivery, handling, administration, and/or monitoring. They may also be limited to a 30-day supply. These medications may be found on any tier and will be indicated as "Specialty" on your formulary. Most specialty and chemotherapy drugs are only available at our designated specialty pharmacies.
- Certain drugs, devices, and supplies obtained from your pharmacy may apply towards your medical benefit.
- Insulin cost share capped at \$35 for a 30-day supply, \$105 for a 90-day supply. Deductible does not apply.
- Some drugs require Prior Authorization for coverage to determine that the drug is medically necessary and appropriate for the intended use (such as evaluating place and length of therapy, trial of more cost-effective therapies, or number of doses).
- Self-administered chemotherapy is covered under the Prescription Drug Benefit unless the Outpatient Chemotherapy coverage results in a lower out-of-pocket expense to you. Please refer to your Handbook for more information.
- Certain injectable medications are deemed as Self-Administered Drugs by Providence Health Plan and will not be covered when administered by your provider, unless Prior Authorization is approved. Drugs may be deemed as Self-Administered Drugs if they are labeled by the FDA for administration by a patient (or their caregiver). Injectable medications labeled by the FDA for administration only by a health care provider will generally be covered by your medical benefit.
- If you take an eligible medication, the Pharmacy Variable Copay Program (known as HelpScript) may help lower your out-of-pocket costs. The list of medications eligible for this program is available at [ProvidenceHealthPlan.com/HelpScript](https://www.providencehealthplan.com/HelpScript). Refer to your handbook for more information.
- Be sure you present your current Providence Health Plan Member identification card.

Routine Vision Services

Provided by VSP

VSP Choice Network (For Customer Service call 800-877-7195)

Below is the amount you pay after you have met your calendar year Deductible

✓ Deductible does not apply

Standard: 1 pair per calendar year (1 contact lens per eye)		
Monthly: 6-month supply per calendar year (6 lenses per eye)		
Bi-weekly: 3-month supply per calendar year (6 lenses per eye)		
Dailies: 3-month supply per calendar year (90 lenses per eye)		

Explanation of terms and phrases

ACA Preventive Drugs - ACA Preventive drugs are medications, including contraceptives, which are listed in our formulary, and are covered at no cost when received from Participating Pharmacies as required by the Patient Protection and Affordable Care Act (ACA). Over the counter preventive drugs received from Participating Pharmacies cannot be covered in full without a written prescription from your Qualified Practitioner.

Brand-name drugs - Brand-name drugs are protected by U.S. patent laws and only a single manufacturer has the rights to produce and sell them.

Coinsurance - The percentage of the cost that you may need to pay for Covered Service.

Copay - The fixed dollar amount you pay to a health care provider for a Covered Service at the time care is provided.

Deductible - The dollar amount that an individual or family pays for Covered Service before the plan pays any benefits within a Calendar Year. The following expenses do not apply to the individual or family deductible: Services not covered by the plan; fees that exceed Usual, Customary and Reasonable (UCR) charges as established by the plan; penalties incurred if you do not follow the plan's Prior Authorization requirements; copays and Coinsurance for Services that do not apply to the deductible.

Formulary - A formulary is a list of FDA-approved prescription drugs developed by physicians and pharmacists, designed to offer effective drug treatment choices for covered medical conditions. The Providence Health Plan formulary includes brand-name, generic, and specialty medications.

Generic drugs - Generic drugs have the same active ingredients as the brand-name formulation. Generic drugs are equivalent to the brand-name formulation in safety and effectiveness. Generic drugs are usually available after the patent expires for the brand-name formulation.

In-Network - Refers to Services received from an extensive network of highly qualified physicians, health care providers and facilities contracted by Providence Health Plan for your specific plan. Generally, your Out-of-Pocket costs will be less when you receive Covered Service from In-Network Providers.

Limitations and Exclusions - All Covered Services are subject to the limitations and exclusions specified for your plan. Refer to your Member handbook or contract for a complete list.

Maintenance Prescriptions - Medications that are typically prescribed to treat long-term or chronic conditions, such as diabetes, high blood pressure and high cholesterol. Maintenance drugs are those that you have received under our plan for at least 30 days and that you anticipate continuing to use in the future. Compounded and specialty medications are excluded from this definition; and are limited to a 30-day supply.

Medicare Part D creditable

Medicare Part D creditable - Coverage is creditable when the plan payout for prescription drugs is, on average for all plan participants, as much as the average payout under the standard Medicare Part D benefit.

Not Medicare Part D creditable - Coverage is non-creditable when the plan payout for prescription drugs is, on average for all plan participants, less than what standard Medicare Part D prescription drug coverage would be expected to pay.

Non-Formulary Medication - An FDA-approved drug, generic or brand-name, that is not included in the list of approved formulary medications. These prescriptions require formulary exception (a form of Prior Authorization) by the health plan and, if approved, will be covered at either the highest non-specialty or specialty cost sharing tier.

Office Visits Virtually - Scheduled visits with the member's PCP or Specialist using a teleconferencing application such as Zoom.

Out-of-Network - Refers to Services you receive from providers not in your plan's network. Your Out-of-Pocket costs are generally higher when you receive Covered Services outside of your plan's network. An Out-of-Network Provider does not have contracted rates with Providence Health Plan and so balance billing may apply. To find an In-Network Provider, go to ProvidenceHealthPlan.com/FindAProvider.

Out-of-Pocket Maximum - The limit on the dollar amount that an individual or family pays for specified Covered Services in a Calendar Year. Some Services and expenses do not apply to the individual or family Out-of-Pocket Maximum. See your Member handbook or contract for details.

Explanation of terms and phrases

Primary Care Provider - A qualified physician or practitioner that can provide most of your care and, when necessary, will coordinate care with other providers in a convenient and cost-effective manner.

Prescription drug Prior Authorization - The process used to request an exception to the Providence Health Plan drug formulary. A Prior Authorization can be requested by the prescriber, member or pharmacy. Some drugs require Prior Authorization for Medical Necessity, place of therapy, length of therapy, step therapy or number of doses. Visit us online for additional information at

[ProvidenceHealthPlan.com](https://www.providencehealthplan.com).

Prescription drug Tier - The prescription drug tier number correlates to a drug's placement on the formulary. Tier 1 and Tier 2 consists of mainly generic drugs while Tier 3 and Tier 4 contains both generic and brand-name drugs. Specialty drugs are typically listed in Tier 5 and Tier 6. Some may be listed on lower tiers. These are designated as "Specialty" on the formulary.

Prior Authorization - Some Services must be pre-approved. In-Network, your provider will request Prior Authorization. Out-of-Network, you are responsible for obtaining Prior Authorization.

Providence ExpressCare Virtual - Services for common conditions (such as sore throat, cough, or fever, etc.) using Providence's web-based platform through a tablet, smartphone, or computer for same day appointments.

Providence ExpressCare Retail Health Clinic - A walk-in health clinic, other than an office, Urgent Care facility, pharmacy or independent clinic that is located within a retail operation. A Retail Health Clinic provides same-day visits for basic illness and injuries or preventive services.

Specialty Drugs - Specialty drugs are injectable, infused, oral, topical, or inhaled therapies that often require specialized delivery, handling, monitoring and administration and are generally high cost. These drugs must be purchased through our designated specialty pharmacy. Due to the nature of these medications, specialty drugs are limited to a 30-day supply.

Usual, Customary & Reasonable (UCR) - Describes your plan's allowed charges for Services that you receive from an Out-of-Network Provider. When the cost of Out-of-Network Services exceeds UCR amounts, you are responsible for paying the provider any differences. These amounts do not apply to your Out-of-Pocket Maximums.
