Medical/pharmacy out-of-pocket maximum
The limit on the dollar amount you will have to spend for specified covered health services (a combination of both in and out-of-network services) in a calendar year. Some services and expenses do not apply to the common out-of-pocket maximum. See your Summary Plan Description for details.

Out-of-Network benefit
Refers to services you receive from a non-network provider. Your out-of-pocket costs are generally higher when you receive covered services from non-network providers. To find a network provider, go to www.providencehealthplan.com/phs-employees

Out-of-Network provider
Any health care professional who does not participate within Providence Health Plan’s in-network panel of physicians and providers of health care services.

Primary Care Provider
A qualified practitioner who specializes in family practice, general practice, internal medicine, pediatrics, obstetrics or gynecology.

Prior authorization
Some services must be pre-approved. In-network, your provider will request prior authorization. Out-of-network, you are responsible for obtaining prior authorization.

Safe Harbor Preventive drugs
HSA-Qualified health plans typically provide benefits only after the deductible has been met. The Internal Revenue Code governing HSA-Qualified plans provides for a “safe harbor” for qualifying preventive medications, allowing these safe harbor medications to be exempt from the deductible. The preventive safe harbor does not include any drug or medication used to treat an existing illness, injury or condition. Safe Harbor Preventive drugs are subject to formulary as well as pharmacy management programs such as prior authorization, step therapy and/or quantity limits.

Virtual visit
Visit with a Network Provider using secure internet technology such as Providence Express Care phone and video visits or Web-direct Visits.

ACO Network Provider
Accountable Care Organization (ACO) offering a large network of providers – doctors, hospitals, clinics and more – that are accountable for the cost and quality of care they provide

• All Providence and Swedish facilities and pharmacies, Providence and Swedish Medical Groups
• Group providers: Pacific Medical Centers, Kadlec Regional Medical Center and Clinics, and more
• Includes CareUnity ACO in eastern Washington
• St Joseph Health and Covenant providers
• Walgreens’ pharmacies

Coinsurance
The percentage of the cost that you may need to pay for a covered service.

Formulary
A formulary is a list of FDA-approved prescription drugs developed by physicians and pharmacists, designed to offer drug treatment choices for covered medical conditions. The Providence Health Plan formulary includes both brand-name and generic medications.

Health Savings Account (HSA)
An IRS-qualified tax-exempt account established for paying qualifying medical expenses.

In-Network benefit
The in-network benefit is an extensive network of highly qualified physicians and health care providers, also known as network providers, available to you by your plan. Generally, your out-of-pocket costs will be less when you receive covered services from network providers. To find an in-network provider, go to www.providencehealthplan.com/phs-employees

In-Network provider
A physician or provider of health care services who belongs to the Providence Health Plan in-network provider panel. To find an in-network provider, refer to the directory available at www.providencehealthplan.com/phs-employees

Medical/pharmacy deductible
The dollar amount that an individual or family pays for covered services before your plan pays any benefits within a calendar year. The deductible can be met by using in-network or out-of-network providers, or the combination of both. The following expenses do not apply to an individual or family deductible:

• Services not covered by your plan
• Penalties incurred if you do not follow your plan’s prior authorization requirements
• Copays or coinsurance for any supplemental benefits provided by your employer, such as routine vision care
• Copays and coinsurance for services that do not apply to the deductible.
