# Your guide to the words or phrases used to explain your benefits

#### Coinsurance

The percentage of the cost that you may need to pay for a covered service.

#### Copay

The fixed dollar amount you pay to a health care provider for a covered service at the time care is provided.

#### Formulary

A list of preferred brand-name and generic drugs that have been evaluated by us for effectiveness and safety.

#### In-plan benefit

The in-plan benefit is an extensive network of highly qualified physicians and health care providers, also known as participating providers, available to you by your plan. Generally, your out-of-pocket costs will be less when you receive covered services from participating providers. To find a participating provider, go to

www.ProvidenceHealthPlan.com/providerdirectory.

#### Medical/pharmacy deductible

The dollar amount that an individual or family pays for covered services before your plan pays any benefits within a calendar year. The deductible can be met by using in-plan or out-of plan providers, or the combination of both. The following expenses do not apply to an individual or family deductible:

- Services not covered by your plan
- Fees that exceed usual, customary and reasonable (UCR) charges as established by your plan
- Penalties incurred if you do not follow your plan's prior authorization requirements
- Copays or coinsurance for any supplemental benefits provided by your employer, such as routine vision care

#### Medical/pharmacy out-of-pocket maximum

The limit on the dollar amount you will have to spend for specified covered health services (a combination of both in and out-of-plan services) in a calendar year. Some services and expenses do not apply to the common out-of-pocket maximum. See your Member Handbook for details.

#### Non-participating provider

Any health care professional who does not participate in Providence Health Plan's network of participating physicians and providers of health care services.

#### Out-of-plan

Refers to services you receive from a non-participating provider. Your out-of-pocket costs are generally higher when you receive covered services from non-participating providers. To find a participating provider, go to www.ProvidenceHealthPlan.com/providerdirectory.

#### Participating provider

A physician or provider of health care services who belongs to the Providence Health Plan participating provider network. To find a participating provider, refer to the directory available at www.ProvidenceHealthPlan.com/providerdirectory.

### Prior authorization

Some services must be pre-approved. In-Plan, your provider will request prior authorization. Out-of-Plan, you are responsible for obtaining prior authorization.

## Self-administered chemotherapy

Oral, topical or self-injectable medications that are used to stop or slow the growth of cancerous cells.

#### Usual, Customary & Reasonable (UCR)

Describes your plan's allowed charges for services that you receive from an out-of-plan provider. When the cost of out-of-plan services exceeds UCR amounts, you are responsible for paying the provider any difference. These amounts do not apply to your out-of-pocket maximums.
