Your guide to the words or phrases used to explain your benefits

Coinsurance
The percentage of the cost that you may need to pay for a covered service.

Formulary
A list of preferred brand-name and generic drugs that have been evaluated by us for effectiveness and safety.

In-plan benefit
The in-plan benefit is an extensive network of highly qualified physicians and health care providers, also known as participating providers, available to you by your plan. Generally, your out-of-pocket costs will be less when you receive covered services from participating providers. To find a participating provider, go to www.ProvidenceHealthPlan.com/providerdirectory.

Medical/pharmacy deductible
The dollar amount that an individual or family pays for covered services before your plan pays any benefits within a calendar year. The deductible can be met by using in-plan or out-of plan providers, or the combination of both. The following expenses do not apply to an individual or family deductible:

- Services not covered by your plan
- Fees that exceed usual, customary and reasonable (UCR) charges as established by your plan
- Penalties incurred if you do not follow your plan's prior authorization requirements
- Copays or coinsurance for any supplemental benefits provided by your employer, such as routine vision care

Medical/pharmacy out-of-pocket maximum
The limit on the dollar amount you will have to spend for specified covered health services (a combination of both in and out-of-plan services) in a calendar year. Some services and expenses do not apply to the common out-of-pocket maximum. See your Member Handbook for details.

Non-participating provider
Any health care professional who does not participate in Providence Health Plan's network of participating physicians and providers of health care services.

Out-of-plan
Refers to services you receive from a non-participating provider. Your out-of-pocket costs are generally higher when you receive covered services from non-participating providers. To find a participating provider, go to www.ProvidenceHealthPlan.com/providerdirectory.

Participating provider
A physician or provider of health care services who belongs to the Providence Health Plan participating provider network. To find a participating provider, refer to the directory available at www.ProvidenceHealthPlan.com/providerdirectory.

Pre-existing condition exclusion
A pre-existing condition is any medical condition for which medical advice, diagnosis, care or treatment was recommended or received within six months prior to your enrollment date. Coverage for pre-existing conditions is excluded for a period of six months following your enrollment date. This exclusion period can be reduced by qualifying Creditable Coverage. The pre-existing condition exclusion does not apply to members who are under the age of 19. See your Member Handbook for details.

Prior authorization
Some services must be pre-approved. In-Plan, your provider will request prior authorization. Out-of-Plan, you are responsible for obtaining prior authorization.

Self-administered chemotherapy
Oral, topical or self-injectable medications that are used to stop or slow the growth of cancerous cells.

Usual, Customary & Reasonable (UCR)
Describes your plan's allowed charges for services that you receive from an out-of-plan provider. When the cost of out-of-plan services exceeds UCR amounts, you are responsible for paying the provider any difference. These amounts do not apply to your out-of-pocket maximums.
