

# Your Benefit Summary

## HSA Qualified Plan

What You Pay In-Network	What You Pay Out-of-Network	Calendar Year Common Out-of-Pocket Maximum	Calendar Year Common Deductible
50% coinsurance (after deductible)	50% coinsurance (after deductible; UCR applies)	\$5,500 per person \$11,000 per family (2 or more)	\$3,000 per person \$6,000 per family (2 or more)

### Important information about your plan

This summary provides only highlights of your benefits. To view your plan details, register and log in at [www.myProvidence.com](http://www.myProvidence.com).

- When two or more family members are enrolled, the in-network per person annual limit on cost-sharing is \$7,350.
- Your deductible(s) are included in the out-of-pocket maximum amount(s) listed above.
- In-network and out-of-network services accumulate toward your common out-of-pocket maximum.
- To find if a drug is covered under your plan, check online at [www.ProvidenceHealthPlan.com/pharmacy](http://www.ProvidenceHealthPlan.com/pharmacy).
- Prior authorization is required for some services.
- To get the most out of your benefits, use the providers within the Providence Signature network. View a list of network providers and pharmacies at [www.ProvidenceHealthPlan.com/providerdirectory](http://www.ProvidenceHealthPlan.com/providerdirectory).
- If you choose to go outside the network, you may be subject to billing for charges that are above Usual, Customary and Reasonable charges (UCR). Benefits for out-of-network services are based on these UCR charges.
- Limitations and exclusions apply to your benefits. See your Member Handbook for details.

• Outpatient provider office visits	50%	50%
<b>Home Health and Hospice</b>		
• Home health care	50%	50%
• Hospice care	Covered in full	Covered in full

## Your guide to the words or phrases used to explain your benefits

### ACA Preventive drug

Affordable Care Act (ACA) preventive drugs are medications, including contraceptives, that are listed in our formulary as such, and are covered at no cost when received from Participating Pharmacies.

Over-the-counter preventive drugs received from Participating Pharmacies require a written prescription from your Qualified Provider to be covered in full under this benefit.

### Annual limit on cost sharing

The maximum amount a member pays out-of-pocket per calendar year for in-network essential health benefit covered services, when two or more family members are enrolled in this plan.

### Coinsurance

The percentage of the cost that you may need to pay for a covered service.

### Common deductible

The dollar amount that an individual or family pays for covered services before your plan pays any benefits within a calendar year. The deductible can be met by using in-network or out-of-network providers, or the combination of both. The following expenses do not apply to an individual or family deductible:

- Services not covered by your plan
- Fees that exceed usual, customary and reasonable (UCR) charges as established by your plan
- Penalties incurred if you do not follow your plan's prior authorization requirements
- Copays and coinsurance for services that do not apply to the deductible

### Common out-of-pocket maximum

The limit on the dollar amount you will have to spend for specified covered health services (a combination of both in- and out-of-network services) in a calendar year. Some services and expenses do not apply to the common out-of-pocket maximum. See your Member Handbook for details.

### Copay

The fixed dollar amount you pay to a health care provider for a covered service at the time care is provided.

### Formulary

A formulary is a list of FDA-approved prescription drugs developed by physicians and pharmacists, designed to offer drug treatment choices for covered medical conditions. The Providence Health Plan formulary includes both brand-name and generic medications.

### Maintenance drug

Medications that are typically prescribed to treat long-term or chronic conditions, such as diabetes, high blood pressure and high cholesterol. Maintenance drugs are those that you have received under our plan for at least 30 days and that you anticipate continuing to use in the future. Not all drugs are considered maintenance prescriptions, including compounded drugs and drugs obtained from specialty pharmacies.

### Health Savings Account (HSA)

Employee-owned bank accounts where money is deposited – by employees, employers and even family members – to be used for employees' current and future health care expenses. Contributions can be deducted pre-tax from paychecks, and the money rolls over year to year and stays with the employee even with job changes and retirement.

### In-Network

Refers to services received from an extensive network of highly qualified physicians, health care providers and facilities contracted by Providence Health Plan for your specific plan. Generally, your out-of-pocket costs will be less when you receive covered services from in-network providers. balance billing may apply. To find an in-network provider, go to [www.ProvidenceHealthPlan.com/providerdirectory](http://www.ProvidenceHealthPlan.com/providerdirectory).

### Limitations and Exclusions

All covered services are subject to the limitations and exclusions specified for your plan. Refer to your member handbook or contract for

a complete list.

### Out-of-network

Refers to services you receive from providers not in your plan's network. Your out-of-pocket costs are generally higher when you receive covered services outside of your plan's network. An out-of-network provider does not have contracted rates with Providence Health Plan and so balance billing may apply. To find an in-network provider, go to [www.ProvidenceHealthPlan.com/providerdirectory](http://www.ProvidenceHealthPlan.com/providerdirectory)

### Preferred brand-name drug / Non-preferred brand-name drug

Brand name drugs are protected by U.S. patent laws and only a single manufacturer has the rights to produce and sell them. Generally your out-of-pocket costs will be less for preferred brand-name drugs.

### Preferred generic drug / Non-preferred generic drug

Generic drugs have the same active-ingredient formula as the brand-name drug. Generic drugs are usually available after the brand-name patent expires. Generally your out-of-pocket costs will be less for Preferred generic drugs.

### Prescription Drug Prior Authorization

The process used to request an exception to the Providence Health Plan drug formulary. This process can be initiated by the prescriber of the medication. Some drugs require prior authorization for medical necessity, place of therapy, length of therapy, step therapy or number of doses.

### Primary Care Provider

A qualified physician or practitioner that can provide most of your care and, when necessary, will coordinate care with other providers in a convenient and cost-effective manner.

### Prior authorization

Some services must be pre-approved. In-network, your provider will request prior authorization. Out-of-network, you are responsible for obtaining prior authorization.

### Retail Health Clinic

A walk-in health clinic, other than an office, urgent care facility, pharmacy or independent clinic that is located within a retail operation. A Retail Health Clinic provides same-day visits for basic illness and injuries or preventive services.

### Safe Harbor Preventive drugs

The Internal Revenue Code governing HSA-Qualified plans provides for a "safe harbor" for qualifying preventive medications, allowing these medications to be exempt from the deductible. Safe Harbor Preventive drugs do not include any medication used to treat an existing illness, injury or condition. Safe Harbor Preventive drugs are subject to formulary and tier status, as well as pharmacy management programs (i.e. prior authorization, step therapy, quantity limits).

### Usual, Customary & Reasonable (UCR)

Describes your plan's allowed charges for services that you receive from an out-of-network provider. When the cost of out-of-network services exceeds UCR amounts, you are responsible for paying the provider any difference. These amounts do not apply to your out-of-pocket maximums.

### Virtual visit

Visit with a Network Provider using secure internet technology such as Providence Express Care phone and video visits or Web-direct Visits.

### Web-direct Visit

A consultation with Network Provider using an online questionnaire to collect information to diagnose and treat common conditions such as cold, flu, sore throat, allergies, earaches, sinus pain or UTI.
