Important information about your plan

This summary provides only highlights of your benefits. To view your plan details, register and log in at myprovidence.com.

- Once you have registered, you can select your medical home online or by calling customer service.
- The individual deductible applies if there are no dependents enrolled. If two or more members are enrolled, the individual deductible applies for each member only until the family deductible is met.
- The individual out-of-pocket maximum applies if there are no dependents enrolled. If two or more members are enrolled, the individual out-of-pocket applies for each member only until the family out-of-pocket is met.
- Your deductible(s) are included in the out-of-pocket maximum amount(s) listed above.
- In-network and out-of-network deductibles and out-of-pocket maximums accumulate separately.
- Some services and penalties do not apply to out-of-pocket maximums.
- Prior authorization is required for some services.
- To get the most out of your benefits, use the providers within the Connect network and obtain referrals from your medical home. View a list of in-network providers and pharmacies at **ProvidenceHealthPlan.com/findaprovider**
- If you choose to go outside the Connect network or do not obtain a referral, use providers who have contracted rates with Providence Health Plan. This ensures that you will not be subject to billing for charges that are above contracted rates. When seeing providers who are not contracted with Providence Health Plan, benefits for out-of-network services are based on Usual, Customary and Reasonable charges (UCR).
- Qualified Out-of-Area Dependents who meet eligibility requirements have access to providers in the Providence Signature network.
- Limitations and exclusions apply to your benefits. See your Member Handbook for details.
