Your guide to the words or phrases used to explain your benefits

Coinsurance
The percentage of the cost that you may need to pay for a covered service.

Copay
The fixed dollar amount you pay to a health care provider for a covered service at the time care is provided.

What you need to know about drug coverage categories
The dollar amount that an individual or family pays for covered services before your plan pays any benefits within a calendar year. The following expenses do not apply to an individual or family deductible:

- Services not covered by your plan.
- Fees that exceed usual, customary and reasonable (UCR) charges as established by your plan.
- Penalties incurred if you do not follow your plan's prior authorization requirements.
- Copays and coinsurance for services that do not apply to the deductible

Formulary
A formulary is a list of FDA-approved prescription drugs developed by physicians and pharmacists, designed to offer drug treatment choices for covered medical conditions. The Providence Health Plan formulary includes both brand-name and generic medications.

In-Network
Refers to services received from an extensive network of highly qualified physicians, health care providers and facilities contracted by Providence Health Plan for your specific plan. Generally, your out-of-pocket costs will be less when you receive covered services from in-network providers.

Limitations and Exclusions
All covered services are subject to the limitations and exclusions specified for your plan. Refer to your member handbook or contract for a complete list.

Medical Home
A full service health care clinic which has been designated as a Medical Home providing and coordinating members' medical care.

Medical Home referral
A referral from your Medical Home to receive services from an in-network provider that is not part of you medical home.

Out-of-network
Refers to services you receive from providers not in your plan's network. Your out-of-pocket costs are generally higher when you receive covered services outside of your plan's network. An out-of-network provider does not have contracted rates with Providence Health Plan and so balance billing may apply. To find an in-network provider, go to ProvidenceHealthPlan.com/findaprovider.

Out-of-Pocket Maximum
The limit on the dollar amount you will have to spend for specified covered health services in a calendar year. Some services and expenses do not apply to the out-of-pocket maximum. See your Member Handbook for details.

Primary Care Provider
A qualified physician or practitioner that can provide most of your care and, when necessary, will coordinate care with other providers in a convenient and cost-effective manner.

Prior authorization
Some services must be pre-approved. In-network, your provider will request prior authorization. Out-of-network, you are responsible for obtaining prior authorization.

Retail Health Clinic
A walk-in health clinic, other than an office, urgent care facility, pharmacy or independent clinic that is located within a retail operation. A Retail Health Clinic provides same-day visits for basic illness and injuries.

Usual, Customary & Reasonable (UCR)
Describes your plan's allowed charges for services that you receive from an Out-of-Network provider. When the cost of Out-of-Network services exceeds UCR amounts, you are responsible for paying the provider any difference.

Virtual visit
Visit with a Network Provider using secure internet technology such as Providence Express Care phone and video visits or Web-direct Visits.

Web-direct Visit
A consultation with Network Provider using an online questionnaire to collect information to diagnose and treat common conditions such as cold, flu, sore throat, allergies, earaches, sinus pain or UTI.
