| $15   | 30% coinsurance (after deductible) | $3,500 per person  
$7,000 per family (2 or more) | $1,500 per person  
$3,000 per family (2 or more) |

**Important information about your plan**

This summary provides only highlights of your benefits. To view your plan details, register and log in at www.myProvidence.com.

- The individual deductible applies if there are no dependents enrolled. If two or more members are enrolled, the individual deductible applies for each member only until the family deductible is met.
- The individual out-of-pocket maximum applies if there are no dependents enrolled. If two or more members are enrolled, the individual out-of-pocket applies for each member only until the family out-of-pocket is met.
- Your deductible is included in the out-of-pocket maximum amount listed above.
- Some services and penalties do not apply to out-of-pocket maximums.
- Prior authorization is required for some services.
- This plan only provides benefits for medically necessary services when provided by in-network physicians or providers.
- View a list of Providence Signature network providers and pharmacies at www.ProvidenceHealthPlan.com/providerdirectory.
- Limitations and exclusions apply to your benefits. See your Member Handbook for details.

Your guide to the words or phrases used to explain your benefits

Coinsurance
The percentage of the cost that you may need to pay for a covered service.

Copay
The fixed dollar amount you pay to a health care provider for a covered service at the time care is provided.

Deductible
The dollar amount that an individual or family pays for covered services before your plan pays any benefits within a calendar year. The following expenses do not apply to an individual or family deductible:
- Services not covered by your plan.
- Fees that exceed usual, customary and reasonable (UCR) charges as established by your plan.
- Penalties incurred if you do not follow your plan’s prior authorization requirements.
- Copays and coinsurance for services that do not apply to the deductible.

Formulary
A formulary is a list of FDA-approved prescription drugs developed by physicians and pharmacists, designed to offer drug treatment choices for covered medical conditions. The Providence Health Plan formulary includes both brand-name and generic medications.

In-Network
Refers to services received from an extensive network of highly qualified physicians, health care providers and facilities contracted by Providence Health Plan for your specific plan. Generally, your out-of-pocket costs will be less when you receive covered services from in-network providers.

Limitations and Exclusions
All covered services are subject to the limitations and exclusions specified for your plan. Refer to your member handbook or contract for a complete list.

Out-of-Pocket Maximum
The limit on the dollar amount you will have to spend for specified covered health services in a calendar year. Some services and expenses do not apply to the out-of-pocket maximum. See your Member Handbook for details.

Primary Care Provider
A qualified physician or practitioner that can provide most of your care and, when necessary, will coordinate care with other providers in a convenient and cost-effective manner.

Prior authorization
Some services must be pre-approved, your in-network provider will request prior authorization for these services.

Usual, Customary & Reasonable (UCR)
Describes your plan’s allowed charges for services that you receive from an out-of-network provider. When the cost of out-of-network services exceeds UCR amounts, you are responsible for paying the provider any difference. These amounts do not apply to your out-of-pocket maximums.

Retail Health Clinic
A walk-in health clinic, other than an office, urgent care facility, pharmacy or independent clinic that is located within a retail operation. A Retail Health Clinic provides same-day visits for basic illness and injuries.

Virtual visit
Visit with a Network Provider using secure internet technology such as Providence Express Care phone and video visits or Web-direct Visits.

Web-direct Visit
A consultation with Network Provider using an online questionnaire to collect information to diagnose and treat common conditions such as cold, flu, sore throat, allergies, earaches, sinus pain or UTI.
