Your guide to the words or phrases used to explain your benefits

Coinsurance
The percentage of the cost that you may need to pay for a covered service.

Copay
The fixed dollar amount you pay to a health care provider for a covered service at the time care is provided.

Deductible
The dollar amount that an individual or family pays for covered services before your plan pays any benefits within a calendar year. The following expenses do not apply to an individual or family deductible:

- Services not covered by your plan.
- Fees that exceed usual, customary and reasonable (UCR) charges as established by your plan.
- Penalties incurred if you do not follow your plan's prior authorization requirements.
- Copays and coinsurance for services that do not apply to the deductible

Formulary
A formulary is a list of FDA-approved prescription drugs developed by physicians and pharmacists, designed to offer drug treatment choices for covered medical conditions. The Providence Health Plan formulary includes both brand-name and generic medications.

In-Network
Refers to services received from an extensive network of highly qualified physicians, health care providers and facilities contracted by Providence Health Plan for your specific plan. Generally, your out-of-pocket costs will be less when you receive covered services from in-network providers.

Limitations and Exclusions
All covered services are subject to the limitations and exclusions specified for your plan. Refer to your member handbook or contract for a complete list.

Medical Home
A full service health care clinic which has been designated as a Medical Home providing and coordinating members' medical care.

Medical Home referral
A referral from your Medical Home to receive services from an in-network provider that is not part of you medical home.

Out-of-network
Refers to services you receive from providers not in your plan's network. Your out-of-pocket costs are generally higher when you receive covered services outside of your plan's network. An out-of-network provider does not have contracted rates with Providence Health Plan and so balance billing may apply. To find an in-network provider, go to www.ProvidenceHealthPlan.com/providerdirectory.

Out-of-Pocket Maximum
The limit on the dollar amount you will have to spend for specified covered health services in a calendar year. Some services and expenses do not apply to the out-of-pocket maximum. See your Member Handbook for details.

Primary Care Provider
A qualified physician or practitioner that can provide most of your care and, when necessary, will coordinate care with other providers in a convenient and cost-effective manner.

Prior authorization
Some services must be pre-approved. In-network, your provider will request prior authorization. Out-of-network, you are responsible for obtaining prior authorization.

Retail Health Clinic
A walk-in health clinic, other than an office, urgent care facility, pharmacy or independent clinic that is located within a retail operation. A Retail Health Clinic provides same-day visits for basic illness and injuries or preventive services.

Usual, Customary & Reasonable (UCR)
Describes your plan's allowed charges for services that you receive from an Out-of-Network provider. When the cost of Out-of-Network services exceeds UCR amounts, you are responsible for paying the provider any difference.

Virtual visit
Visit with a Network Provider using secure internet technology such as Providence Express Care phone and video visits or Web-direct Visits.

Web-direct Visit
A consultation with Network Provider using an online questionnaire to collect information to diagnose and treat common conditions such as cold, flu, sore throat, allergies, earaches, sinus pain or UTI.
